Network 20/20 is an educational organization that mobilizes a network of multi-generational leaders to engage in Entrepreneurial Diplomacy and create new voices in foreign policy. Its mission is to foster the new energy and talent needed to confront unprecedented global and transnational security concerns, and promote a sustainable, interdependent world through cross-border problem-solving with counterparts overseas.

Network 20/20 members are a talented, diverse, and multilingual group; they come from business, the law, the media, the arts, NGOs, think tanks, government, and academia; two-thirds have advanced degrees. What draws them together is that they are all “thinking,” motivated individuals who are volunteering significant time and energy in furthering America’s positive engagement with the world. They are emerging and established leaders from all sectors of society.

Network 20/20 offers a dynamic *Lecture Series* including off-the-record conversations with foreign policy experts and opinion leaders, roundtable discussions, and forums with authors and scholars. In addition, Network 20/20 members take trips abroad as part of its *Entrepreneurial Diplomacy Program*. We have visited Turkey (2004) and (2011), Poland (2005), Iran (2006), and Pakistan (May 2008 and April 2010). Reports from these trips are having an impact on shaping U.S. foreign policies today. They can be found on our website, [www.network2020.org](http://www.network2020.org).
